

Building Community Together

A COMMUNITY CONVERSATION

WELCOME!

SIT WITH A NEW GROUP OF FRIENDS.

How would a unified community support policing in its city?

What elements have we discussed over the last three weeks which would contribute to unity?

Considering your own sphere
(business, government, schools, church, civic
clubs, the arts/ healthcare, etc.),
how might you or your organization
foster better relationships with
the police?

Prayer for the Police

A group of people, seen from behind in silhouette, are holding hands in a line. They are positioned against a bright blue sky with some light clouds. The overall scene suggests a community gathering or a prayer service.

God, we pray for our Duncanville police force.

Be their protection as they protect us.

Be their strength as they enforce the law.

Be their guide as they lead our community in justice.

Be their source of good as they work against evil.

AMEN.
